- ▶ [The development of innate lymphoid cells requires TOX-dependent generation of a common innate lymphoid cell progenitor](http://www.amazon.com/Infections-Inequalities-Plagues-Updated-Preface/dp/0520229134)
- ▶ <http://www.amazon.com/Infections-Inequalities-Plagues-Updated-Preface/dp/0520229134>

Congratulations, Dr. Jennifer Alexander-Brett

Dr. Jennifer Alexander-Brett was recently awarded with the 2015 BWF Career Award for Medical Scientist!

According to the Burroughs Wellcome

Fund website, "The Career Awards for medical Scientists (CAMS) is highly competitive program that provides \$700,000 awards over five years for physician-scientists, who are committed to an academic career, to bridge advanced postdoctoral/fellowship training and the early years of faculty service." For more information on the award visit: www.bwffund.org.

To celebrate, the lab came together on June 9, 2015 for a pizza party. There was a wonderful turnout. If you were unable to attend, make sure to congratulate Dr. Alexander-Brett on this outstanding achievement!

Length of Service Recognition

This year there are 5 members of the lab celebrating a milestone in their career:

- ▶ William (Bill) Roswitt, Staff Scientist, 40 years
- ▶ Jim Lonergan, Business Director, 25 years
- ▶ Yael Alevy, Senior Scientist, 25 years
- ▶ Xiaohua Jin, Staff Scientist, 15 years
- ▶ Mike Vogelgesang, User Support Analyst, 15 years
